

October 2009

Dear Parents/Carers/Staff

We are looking to design our winter menu. As a Health Promoting Nursery we are looking for parental and staff contributions to add to this. We are looking for a nutritional balanced diet that will suit our young children and that they will enjoy. Suggestions for meals, puddings and snacks would be gratefully appreciated.

Please text (07515284103), email or write down your suggestions and hand it into your child's room.

Thank you

Julie Dowds
Manager
