Children's learning

The under 3 year old children are building on relationships and sharing with each other. The learning experience offered to support this has been ring games, story time and games that the children have to wait their turn.

Also the children in the Tweenie room are working on independence they now set the tables for snacks and lunch, put their plates and cups out butter their toast and empty their plates. The children are doing well and this is to help with the transition to the little Rascals room.

The little Rascals are learning about garden birds, some of the children went to the Art Galleries to see the birds display, others have been to the park and library to find out more information on birds and how they live.

If you are available to help on trips please let us know as we can always do with extra hands on outings.
